regarding We are in On our

second Sunday here we visited the congregation in Schwäbisch Hall, where we enjoyed visiting last year. Everybody asked us where we were living and what we were doing now. We told them we were living in Wüstenrot and looking for a good language class. One young lady said, "There's a member of the church here who lives near Wüstenrot and is a language instructor." To make a long story short, this lady, Annika Greulich, agreed to teach us privately for the price of Volkshochschule (low-cost school). We have had two lessons with her so far and are impressed.

Pray for us that the message of the Lord may spread rapidly and be honored, just as it was with you. 2 Thessalonians 3:2

Please continue to pray:

- For success in learning German
- For our search for a vehicle that is affordable and reliable
- For our settling in process, including opening a bank account, getting German driver licenses, and applying for visas
- For wisdom and help in reaching out to those who need Christ

Thanks again for sending us!

We pray God will richly bless you,

Mark and Corinne
